HARRY K. THAW IS DECLARED INSANE

Justice Mills so Declares in His Decision Rendered This Morning

DIMISSES HABEAS CORPUS WRIT

Thaw Remanded to Custody of State Authorities at the Matteawan Institution

White Plains, N. Y., Aug. 12—

Justice Mills handed down his decision this morning declaring that Harry K. Thaw is insane. He dismissed the writ of habeas corpus under which Thaw endeavored to secure his release from the Matteawan and remanded him to the custody of the state authorities at that institution.

PREPARES FINAL REPORT

Expert Will Give His Opinion of Panama Railroad.

Baltimore, Aug. 12.—Bernard N. Baker of this city, banker and founder of the Atlantic Transport Steamship line, now a part of the International Mercantile Marine company, who has at the instance of President Taft been investigating the matter of freight rates over the Panama railroad, owned by the United States government, has prepared his final report to the president bearing on the alleged discriminations of the Panama railroad and Panama Steamship company against American commerce crossing the Isthmus.

In this report Mr. Baker recommends that the government by the aid of mail service contracts encourage the establishment of an independent line or lines of steamers on each coast, which shall connect with the Panama railroad.

The plan proposed is comprehensive and does not, as has been urged, contemplate that the government shall enter the steamship business. It simply provides that by means of postal contracts one line of new and up-to-date steamers shall be established on the west coast, connecting Seattle, Portland, San Francisco and San Diego with Panama, and on the east connecting New York and New Orleans with Colon.

These two lines would, of course use the Panama railroad for transshipments, and Mr. Baker urges that the government establish a flat rate across the Isthmus for all shipments, whatever their origin.

COMMUNITY IS PARALYZED

Business Section of Monticello Swept by Fire.

Middletown, Aug. 12.—The business community of Monticello, which was swept by such a disastrous fire, today is paralyzed. Only two stores remain standing. The loss as conservatively estimated will reach \$300,000, with only \$250,000 covered by insurance. As only three residences were destroyed, however, there are no homeless and there is no suffering.

Summer guests who were driven from the hotels destroyed, found shelter quickly in boarding houses and conditions are quiet.

Aside from the interruption of telegraph and telephone service the fire was mainly a blow to the business men of the town. Telegraphic and telephone communication will be re-established with the outside world today.

Get the Best Out of Life

By keeping vigor and vitality at the top notch—DRA. W. CHASE'S NERVE PILLS will help you

Health, strength, beauty, success. These are the words which tell of a happy, joyous life.

The foundation of each and all is good, red blood.

With red blood there is no weakness and disease, no failure and fatigue. Red blood makes life worth living and only when it is present in the system can you get the best out of life.

Mr. George Horkins, of Westinghouse Ave., Wilmerding, Pa., says: "When I began the use of Dr. A. W. Chase's Nerve Pills in Pittsburg, I was badly run down, weak, nervous, could not sleep, cold all the time, as my blood was thin. The medicine put me in splendid shape rapidly and easily, giving me steady nerves, a fine appetite, restful sleep, a general feeling of energy and vigor, and good rich blood."

Dr. A. W. Chase's Nerve Pills 50 cts. at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., the Receipt Book author, on every box.

H. P. Dunn, Druggist.

KENTUCKIAN IS HIGH GUN

Henderson Wins Preliminary Handicap at St. Paul.

St. Paul, Aug. 12.—Woolfolk Henderson, shooting from the nineteen-yard line, won the preliminary handicap of the Interstate association's Western handicap, breaking 97 out of a possible 100 targets. J. Hughes of Milwaukee was high gun among the professionals with a score of 95 out of a possible 100. Richard D. Guptill of Aitkin, Minn., H. E. Snyder, J. P. White, F. F. Slocum of Alcester, S. D., and Fred McKay of Minneapolis tied for second place among the amateurs with a total of 93 out of a possible 100. J. Aylesworth and J. C. Barto tied for third honors among the amateurs with 92 out of a possible 100. W. R. Crosby of O'Fallon, Ill., and Fred Gilbert of Spirit Lake, Ia., followed J. M. Hughes in the professional class with a total of 93 each out of 100.

Johnson Favors Reciprocity.

St. Paul, Aug. 12.—Full of enthusiastic argument for reciprocity with Canada, Governor Johnson returned to his office at the Capitol from his trip to the Pacific coast, the last week of which has been spent seeing the dominion north of our boundary.

HEAT THINS RANKS OF THE VETERANS

But Seven Thousand Take Part in Annual Parade.

Salt Lake City, Aug. 12.—Midsummer heat thinned the annual parade of the G. A. R., the feature of the forty-third encampment, and wrought still more suffering among the hundreds of children who participated in the formation of the living flag. So oppressive was the heat that the plan calling for the living flag in the procession was abandoned.

At least 100 children and twenty old soldiers were taken from the streets. Many of the victims, young and old, recovered as soon as they were placed in the shade. Those treated at the emergency stations numbered fifteen of Grand Army men and thirty children. There were no fatalities.

Three relief stations attended by trained nurses insured prompt and capable aid for all sufferers. The hours of the parade were the hottest of the hottest day since the beginning of the encampment. At 11 o'clock, when the column got under way, the weather bureau thermometer registered 85 degrees. Notwithstanding the discomfort the parade was a great success. The old soldiers, walking four abreast, had complete right of way.

The Nebraska delegation carried ears of yellow corn. The Minnesotans were bearers of sheaves of wheat, and the Green Mountain boys of Vermont wore sprigs of pine in their hats.

Arkansas had the distinction of sending the smallest division, there being but four wearers of her badge. Illinois made the largest numerical showing.

At the rear came a little band whose banners evoked the darkest pictures of the great Civil war. On the white background the watchers read "Liberty," "Andersonville," "Macon," "Tyler," "Belle Isle," and the names of other Confederate prisons. The division consisted of the former prisoners of war. It is estimated that 7,000 veterans took part in the parade.

STRIKERS TO BE EVICTED

Will Be Ousted From Houses Owned by Car Company.

Pittsburg, Aug. 12.—Forty-seven Schoenerville strikers and their families today will be evicted from the Pressed Steel Car company's houses at McKees Rocks by the sheriff of Allegheny county and a force of armed deputies.

The last legal barrier in the way of ejectment proceedings was passed when Judge MacFarland refused to reopen ejectment judgment on a petition filed by counsel for the strikers. Insufficient affidavits alleging forgery in the signature of leases formed the basis of the court's decision.

The sheriff has prepared for the evictions by warning his deputies to use all peaceable means in the evictions, but to move the strikers out of the company houses.

As soon as the news of the court's ruling reached McKees Rocks several of the strikers occupying company houses voluntarily moved their belongings into other residences.

CONTEST BEFORE IRRIGATION MEN

Ballinger-Pinchot Fight Comes Up in Spokane.

PARDEE ROASTS SECRETARY

Former Governor of California Censures Head of the Interior Department—Former Senator Turner of Washington Defends the Official and Declares Pardee's Remarks Are in Bad Taste.

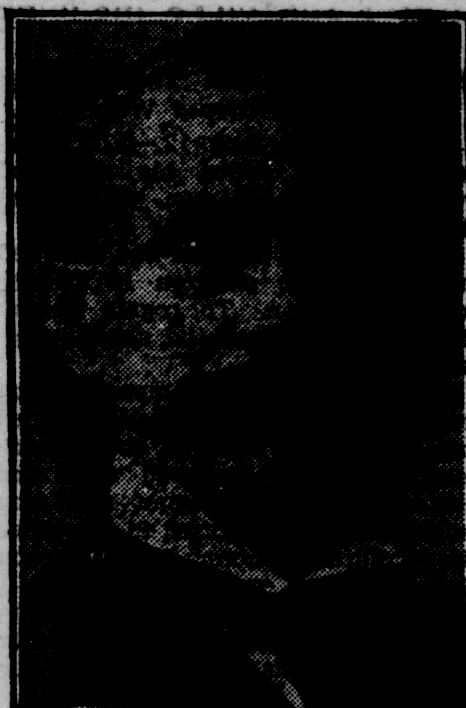

Spokane, Wash., Aug. 12.—The Ballinger-Pinchot contest burst upon the National Irrigation congress during the day. Dr. George C. Pardee, former governor of California, attacked Richard A. Ballinger, secretary of the interior, with a fierceness only seconded by that of former Senator George Turner of Washington, who defended the secretary.

Mr. Ballinger entered the auditorium surrounded by a reception committee and when he arose to speak he was cheered for several minutes. He read from a paper his ideas on reclamation and the public domain. He contended that what has been done by the secretary of the interior was under the law.

Mr. Ballinger after his address would not be disturbed by questions. There is a little note on the published programme inviting the delegates to ask questions and enter a discussion with the speakers.

Mr. Ballinger was not aware of this. John J. Fairweather of California asked a question. The secretary answered it and then left the platform.

Former Governor Pardee took the platform to deliver the address under the subject assigned to him. But he

RICHARD A. BALLINGER.

had no use for his manuscript. He opened by saying that he was for Roosevelt and the Roosevelt policies.

"Roosevelt was a president who did things first," said he, "and talked about them afterwards, and that's the kind of men we would like to see in public office now."

Mr. Pardee told of the activities of former Secretary Garfield, who under the instructions of President Roosevelt, withdrew from public entry many tracts of land under the belief that these lands should be held for the people. Now, said he, Secretary Ballinger has again put up for entry these lands and each tract has within its boundaries a water power site.

"The thing to do," said Dr. Pardee, "is to withdraw the water power sites as did Roosevelt and hold them for the people."

"When," pleaded the speaker, "are we ever going to have a chance for the common working citizen? Secretary Ballinger has said irrigation is not a proposition for a poor man. I take issue with him and say it is particularly a poor man's proposition and if there is any one trying to make it not so, let's find out about it."

Mr. Turner gained the floor and replied:

"I think," said he, "that the remarks of Governor Pardee following those of the secretary of the interior are in bad taste. Mr. Ballinger has done in his official capacity only what any man would do under the oath of office—he has obeyed the law. No man has the right to act first and then read the law afterward."

A resolution was introduced asking the condemnation of the destruction of birds. This was followed by a request that the women in the audience would agree to wear nothing but the plumage of the "Ostrich and the barnyard fowl to rise." A number complied.

LADIES HOME JOURNAL PATTERNS

New Jet Buttons

A new line of the popular jet buttons were received this morning. All sizes and reasonable prices.

"MICHAEL'S"

Linen Handkerchiefs 10c

The best bargains of the season is now to be had at our store. All linen handkerchiefs of fine quality at but 10c.

"MICHAEL'S"

New Belts

Some very pretty belts are put out for your inspection today for the first time.

"MICHAEL'S"

PROMINENT DULUTH GROCER IS KILLED

J. G. Ostby Shot to Death by His Young Son.

Duluth, Aug. 12.—J. G. Ostby, a prominent Duluth grocer, was shot and killed by his eighteen-year-old son at his home here. The son was immediately placed under arrest and declined to make any statement as to the causes leading up to the tragedy. At the Ostby home, however, it was learned that Mr. and Mrs. Ostby had indulged in a rather heated argument over the funeral bill of one of their children who died about a month ago, Ostby asserting that it should not have been \$200. The son entered into the conversation and took issue with his parent. The argument became more heated, whereupon the son rushed to a bedroom, procured a revolver and fired at his father, the bullet taking effect in the brain and the victim expiring on the spot. Ostby had been a grocer here for many years and did a large business. The son has never been known to be quarrelsome and his rash act has shocked a large circle of friends who have known him since early childhood. Until recently he was a member of the Duluth high school, where he stood high with the faculty and was considered a promising student.

STRIKE'S BACKBONE BROKEN

Workmen in Sweden Returning to Their Duties.

Stockholm, Aug. 12.—The belief is gaining ground that the backbone of the general strike has been broken. Workmen of various kinds have resumed their duties in increasing numbers and it is expected that the printers soon will return to work. All the newspapers in Stockholm are issuing

hand-printed sheets, while those in the south are being printed in Denmark.

Some 15,000 strikers attended a meeting in the woods south of Stockholm. A strike riot at Norberg resulted in the arrest of twenty-two persons.

"Train up a servant in the way she should go," says the philosopher of folly, "and the first chance she gets she goes."—Cleveland Leader.

THURSDAY, AUGUST 12, 1909.

THE supply of water from Mille Lake is said to be the best solution for Minneapolis, and this after investigating all the methods used in the east for procuring pure water.

TALKING about campaigning for votes, just listen to this from the Hutchinson Leader: "Gov. Johnson had his appendix removed, and it will be worth thousands of votes to him the next time he is a candidate."

THE democrats are evidently preparing to use salve freely, as it is announced that Frank Day has joined a company to manufacture a salve that will cure diseases of the skin. Does Frank think the republican tendencies are only skin deep?

CONGRESSMAN LINDBERGH has returned from his duties at Washington to his home in Little Falls. In an interview with the Transcript Mr. Lindbergh said in part: "The extra session furnishes conclusive proof that no satisfactory legislation or tariffs or other subjects, in which monopoly is interested, can be secured till Aldrich and Cannon are divested of control in congress. These men are great organizers. They care nothing for the people in general except as they are incidentally necessary to support the monopoly to which Aldrich and Cannon appear to be irreversibly wedded. By cunning manipulation they secured a concurrence in both houses of enough members to continue a system of tariffs, the usefulness of which we have outgrown; and the system itself has become a burden. And now this pair of monopolistic statesmen are beginning their campaign for further control of the currency system."

LOCAL NEWS NOTES

Awnings! Awnings! at D. M. Clark & Co. 234tf

Miss Eloise Smith is visiting friends at Park Rapids.

Mr. and Mrs. W. J. Munro, of Duluth are in the city today.

Mrs. M. Anderson and Mrs. Mary Swanson went to Minneapolis this morning for a few days visit.

John Bailey, of Backus, was in Brainerd today enroute to St. Cloud to attend the Elks' convention.

Weeks repairs guns. 307 6th S.

The eastbound passenger yesterday afternoon was about 8 hours late, because of the washout near Hawley.

Weeks repairs Bicycles. 307 6th S. tf

Miss Margaret Herbert went to Mankato this morning for a two or three week's visit with relatives and friends.

Miss Sarah Longman, of Boone, Iowa, returned home today after spending three weeks with her sister, Mrs. E. J. Cook.

D. M. Clark & Co. the oldest installment house in the city. Goods sold on easy terms. 251tf

Mrs. Geo. E. Abbott and her niece, Miss Lottie Darling, left today for Chicago and other eastern points for an extended visit.

Mrs. W. B. Gwathmey, returned to her home in Aitkin yesterday. She was on her way home from an extended visit in Wisconsin.

Miss Bohn, of St. Paul, who has been visiting her friend, Miss Geraldine Fleming, left for her home on the 5:45 train this morning.

Two good second-hand Pianos at Whittier and Lowell schools for sale at \$100 each, if taken at once.

LUKE O'NEILL,
210, 6th Street South, 58-6t.

W. C. White, of Deerwood, came in from the west last night on the delayed passenger train and remained over until today on business.

Louis Hanson left last night for Carington, N. D., where he will enter the employ of his brother who is conducting a grocery store there.

There were over 50 tickets sold to the M. E. Sunday school picnic at Merrifield this morning, the company going up on a special train.

D. M. Clark & Co.'s new stock to wall paper just arrived. Price 10c of 35c double roll. 251tf

Miss Josephine Sullivan, of Clinton, Iowa, arrived yesterday to visit at the home of her sisters, Mrs. W. H. Mantor and Mrs. Nellie B. Horn.

Store your stoves and household goods with D. M. Clark & Co. 151tf

Mary E. Ellis, the eight months' old daughter of Mr. and Mrs. J. L. Ellis, 510 Elm street Northeast, died this morning and will be buried tomorrow.

Rohne repairs bicycles. 45 1mo

Mr. Lancaster, a traveling passenger agent of the Chicago, St. Paul, Minneapolis & Omaha railway, was in the city yesterday afternoon and evening on business.

Mr. and Mrs. Geo. Sargent, Mr. and Mrs. Geo. Abbott, and Messrs. Chas. Rattinger and F. S. Parker went to St. Cloud this afternoon to attend the Elks' convention.

Orne sells rugs on easy payments at the Singer store. 25tf

Frank Ferris left last night for Crooked Lake, where he will rusticate until Sept. 1, after which he goes east preparatory to entering the law class at Cornell university.

Will trade in cook and heating stoves, and furniture. E. J. Rohne. 45 1mo

Buck Kingsburg, A. Johnson and John Ormson, who were here from St. Paul in attendance upon the Red Men convention remained over and went to Long lake on a fishing trip this morning.

For a good investment BUY a Lot at Deerwood, Minn. For sale by J. H. Krekelberg, 202 Citizens Bank Bldg. Phone 210. 13-tf

Among the lucky ones who registered at the land drawing for Coeur d'Alene reservation lands, John W. Smith, of this city, gets selection 1253, M. J. Gillespie, Pine River, 1,264, and A. W. Erickson, Staples, 2,740.

Phone D. M. Clark & Co., to get your lawn mower repaired and sharpened. Satisfaction guaranteed. 251tf

The large crowd of Elks who were going to the St. Cloud convention on the 5:45 train this morning dwindled to Col. C. D. Johnson, and Messrs. Fred Allison, Sam Buttress and J. J. Nolan. Mrs. Johnson accompanied her husband to St. Cloud.

Buy a lot in Deerwood on the installment plan. For terms see J. H. Krekelberg, Citizens Bank Building. 22tf

Rev. E. J. Brownson, pastor of the First Baptist church of Brainerd twenty years ago, will be in the city over Sunday and will occupy the pulpit of that church both morning and evening. A special invitation is extended to all his old friends and acquaintances to attend these services and renew old acquaintances.

D. M. Clark & Co. have a new method of putting rubber tires on Ego-carts. 251tf

The Degree of Pocahontas put on their team work last evening for the benefit of the visitors who belonged to that order and the way they did the work was not slow. They took one of the visiting sisters for a candidate and she said she enjoyed the work very much. They received a hearty encore as they left the room and all present enjoyed it very much.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co. tf

Wm. Thompson, of this city, who runs on the passenger trains between Staples and Duluth, has a record as one of the "fiercest" men on the line at making up time. He showed the passengers on No. 11 today that he had not lost his nerve. The train was over 15 minutes late when he pulled the throttle at Deerwood 17 miles away and he rolled them into the depot at Brainerd just on the dot. He did not have to stop at Klondike or Loeber, but even then running 17 miles in less than 20 minutes, including stopping and starting and slowing down for two stations is going some.

Attorney D. W. Mitchell came up from St. Paul yesterday forenoon in his automobile to confer with the city officials concerning the waterworks condemnation proceedings. He looked like a drowned rat when he got here. The heavy rain between here and Little Falls the previous night had filled the roads with water and the way the machine threw it was something fierce. He had no complaint to make, however. Had it been in any other part of the state instead of muddy water he said he would have found mud holes where he would have to cut brush and put under the wheels to make them take hold and move the machine out of the holes.

FORTUNE FOUND IN A HOVEL
Aged Hermit Hid Money in Many Places.

Pittsburg, Aug. 12.—Gold, silver and paper money to the value of \$30,000 hidden away in old trunks, bags, stockings and even the rafters of a hovel was discovered in the shanty of Peter Leibach, an aged German hermit.

The discovery of the hidden wealth was made by the police, who went to Leibach's shanty to arrest him. Leibach had used profane language to several girls who threw waste paper on his lot.

Police were placed on guard at the house to guard the treasure. The money, amounting by actual count to over \$30,000, will be transferred to the Farmers' National bank.

A guardian will be asked for Leibach by Examiner Charles Young of the department of charities.

Washerwoman Gets Fortune.
Des Moines, Ia., Aug. 12.—Mrs. Anderson, whose Indian name is "Wom-punaca," a poor washerwoman of this city, has been notified that she will receive from the government \$60,000 as her share of disbursement in \$20,000,000 due the Choctaw Indians from Uncle Sam.

RIVER RETURNS TO ITS BANKS
Leaves a Scene of Desolation In Its Wake.

FOURTEEN KNOWN TO BE DEAD
And Some Estimates Place the Number of Lives Lost in Mexican Flood at Fifty—More Than Six Hundred Homes Are Washed Away in One District.

Monterey, Mex., Aug. 12.—The Santa Catrina river has returned to its banks, leaving a scene of desolation and destruction in the southern part of the city. Fourteen lives are known to have been lost and estimates place the number as high as fifty. The exact figures will never be known, as the barrio of San Luisito, where most of the damage occurred, is inhabited by the poorer classes and many occupied houses which were washed away. Over six hundred houses have been washed away in this one district and practically all those left standing are damaged. The people have returned to the district and spend their time in cleaning the deposits of mud from the houses. Many families have lost all their possessions and there is great suffering among them.

In the city proper several houses caved in as a result of the storm and the damage all over the city has been great.

The Monterey bathhouse was flooded by the rain and the lower rooms were submerged. One man lost his life in the big swimming pool and his body has not been recovered. The electric light plant was damaged, as was the power plant of the street railway system. The rains continue and another flood is expected in the Santa Catrina river.

The National railway lines are again tied up on account of the washouts north and south of this city and no trains have arrived here since Tuesday. The telegraph service with Laredo over railroad wires is cut off and the damage to that section of the line cannot be ascertained. It is known that the bridge at Topo Chico is out; the bridge at Salinas and Golondres and possibly at Villalema are gone.

SHOOTS AND KILLS HIS WIFE
North Carolina Man Then Wounds Man She Eloped With.

Raleigh, N. C., Aug. 12.—Al Thompson shot and killed his wife and wounded W. H. Seaman, with whom she eloped, recently, near Manteo.

The wife and Seaman had returned and taken two children in Thompson's possession. To regain possession of the children the shooting occurred.

The report is that Thompson, upon learning that his wife had returned and secured his children, armed himself with a revolver and went and demanded them. Seaman met him on the porch and refused to surrender the children, whereupon Thompson shot him down.

In the meantime the woman was seen trying to escape with the smaller child in her arms. Thompson shot her dead.

Seaman is still living. The physicians have not been able to extract the bullet. Thompson surrendered.

WITH MRS. GALAHN'S MURDER
Gustav Oblazer of Detroit Arraigned on That Charge.

Detroit, Aug. 12.—Gustav Oblazer was arraigned here on a warrant charging him with the murder of Mrs. Martha Galahn, whose dead body was found Sunday in a clump of bushes in Hamtramack. Oblazer entered a plea of not guilty before Justice Binder and was remanded for examination.

Oblazer, who came under suspicion after his friendly relations with Mrs. Galahn became known, surrendered himself to the authorities Monday night. Since that time he has been submitted to rigorous questioning. The officers claim to have found many discrepancies in the stories told by the prisoner.

Taft Talks With O'Brien.
Beverly, Mass., Aug. 12.—President Taft talked with the American ambassador to Japan, Thomas J. O'Brien, for more than an hour on the porch of his summer cottage. Mr. O'Brien found the president keenly alive to the situation in the Far East and went carefully over every question of importance pending when he left his post at Tokio. Mr. O'Brien is to be retained by the president as ambassador.

Difficulty Practically Solved.
London, Aug. 12.—It is understood that the difficulty between Turkey and Greece over Crete has practically been solved. The porte has decided to accept the Greek note on the assurance of the protecting powers that in the event of the Cretans persisting in provocative tactics they will re-occupy the island with military contingents in order to safeguard their responsibilities.

White Bros.
T. L. Blood's Paints
Are the best. Berry Bros. Varnishes and Floor Finishes are Leaders. Gypsine wall Finish cannot be beat. We have them all. Also a full line of sporting goods and fishing tackle.

616 Laurel St. Brainerd, Minn.

In Italy no ancient monument can be restored nor can any old building be altered without special permission from the government.

Two Fatally Injured.
Lewistown, Pa., Aug. 12.—Boiler No. 2 in the bar mill of the Logan Iron and Steel company at Burnham exploded, fatally injuring two men and seriously bruising six others who were at work in close proximity to the scene of the explosion.

Wilkie Refuses Position.
Chicago, Aug. 12.—John E. Wilkie, chief of the federal secret service bureau, has declined to accept the position of chief of police for Chicago.

The Knock-out Blow.
The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition. The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

NO APPEAL IN WATERWORKS CASE

Stipulation to that Effect is Entered into Between City and Company.

HAS TILL FEB. 1st TO TAKE PLANT

City Can Exercise Its Right to Make Payment of \$57,500 Until That Date.

The city council was called in special session Wednesday evening to act upon stipulations agreed to between Mr. Polk, special attorney for the city, and the attorney for the assignee and bondholders of the waterworks company. All aldermen were present except Alderman Robertson.

After the meeting was called to order, Chairman Twohey called on Mr. Polk, who read the stipulations agreed upon by himself and Mr. D. W. Mitchell, of St. Paul, who appeared for the bondholders and the receiver in the condemnation proceedings. This stipulation, and the resolution authorizing him to sign it in behalf of the city, slightly modified to meet the wishes of the members of the council, was passed on motion of Alderman Drexler, seconded by Alderman Deickhaus, all members present voting aye. The resolution and stipulation read as follows:

RESOLUTION

Be it resolved by the City Council of the City of Brainerd, that A. D. Polk, as attorney for the city in the proceedings to condemn the existing water plant in said city, be and he is hereby authorized and directed to sign in behalf of the city the stipulation in said proceedings, a copy of which stipulation is hereto attached and made a part of this resolution.

State of Minnesota, County of Crow Wing. In District Court, Fifteenth Judicial District.

In the Matter of the Petition and application of the City of Brainerd, Crow Wing county, Minnesota, for the appointment of commissioners to ascertain and determine the compensation to be made for the condemnation and taking of certain property within said city for municipal purposes.

It is hereby stipulated by and between the City of Brainerd, The Minnesota Water Works Company, The Central Trust Company of New York and S. F. Alderman, Receiver:

1st. That the findings and the award made by the Commissioners and reported to the Court in above proceedings, be, and the same here-by is in all things, approved and ratified, and no appeal shall be taken therefrom by either party.

2nd. That the City of Brainerd have until February 1st, 1910, in which to pay the said award of Fifty-seven Thousand and five hundred dollars, said sum to be paid to S. F. Alderman, Receiver, or his successors, and in case said receiver or successor cannot lawfully, or will not receive the same or is absent from the state then said sum may be paid into Court. That on such payment being made the title and the right of possession of all the property sought to be taken in these proceedings shall immediately rest in the City of Brainerd.

3rd. That if the City shall fail to make full payment of said amount and within the time above specified, then the above named proceedings shall be considered abandoned and shall be dismissed, and the City shall be liable for all costs and disbursements lawfully taxable in cases of dismissal of such proceedings.

4th. That until the City makes full payment as above provided, the said Receiver and his successors shall have full right to possess all the said property in question in these proceedings, and the right to receive, collect

and hold all the income and profits therefrom, including hydrant rental to that date at the rate heretofore paid by the City, which hydrant rental the City hereby agrees to pay. Hydrant service to be as good as last six months.

5th. That the Court make its order embracing the provisions of this stipulation.

In case the New York Trust Company takes an appeal from said award, this stipulation and the order made hereunder, shall be avoided at the election of either party, except that the rights of all parties shall at the time of notice of election be the same as at this date.

The entire scope of the matter was considered by the council, Mr. Polk and Mr. Mitchell both going over the various points in the stipulation. The paragraph regarding the possible appeal by the New York Trust Company was inserted as a precaution against a very remote contingency. The trust company in question is the representative of the second mortgage bond holders and refused to come into the condemnation proceedings because the bond holders would not put up funds to indemnify the trust company for the expense of attorney's fees, etc. These bond holders could not secure any part of the funds unless the price was raised to above \$100,000, a price at which the city would not consider the question of taking the plant, so that the attorneys thought the provision in the stipulation unnecessary, but were willing to put it in if it was so desired.

Under the agreement both sides bind themselves not to question the amount of the award and the company binds itself to take that amount, but the city is not bound to take the plant. If it abandons the proceedings it must pay the reasonable costs and attorney's fees of the company, as by law provided in condemnation proceedings. The water company is to have the hydrant rental until the city takes over the plant, if it does so before the 1st of February next, and to have the other rentals of the quarter in which the water works is taken over.

The question was raised by one of the aldermen as to binding the company to keep the plant in as good condition as at the time of the award, but the attorneys both stated that the plant was in the hands of the court and agreed that the city need fear no wrong at the hands of Judge McClenahan.

The board called upon M. T. Dunn, president of the water and light board, who was present, to express his opinion of the matter. He stated that while he believed, together with other citizens, that the award was too high, the other side thought otherwise and he thought the city should accept it as a happy medium.

Mayor Ousdahl was also present and was called upon. He expressed the same opinion as Mr. Dunn. While personally he believed the price was too high, he believed that the city should take over the plant and thus end all litigation and controversies.

Several other matters were informally discussed, but as the call for the meeting did not provide for any business except concerning the condemnation of the water works, no action was taken on other subjects.

Several members of the council, after adjournment, expressed the opinion that the council should as soon as possible issue a call for a special election on the question of issuing bonds to pay for the plant, and let the people pass on the matter. A number of the aldermen privately expressed the same belief as Mayor Ousdahl as to the award and as to the wisdom of the city taking over the plant.

Here is Relief for Women

If you have pains in the back, urinary, bladder, or kidney trouble and want a certain, pleasant herb relief from women's ills, try Mother Gray's "AUSTRIAN-LEAF." It is safe, reliable, and relieves all female weaknesses, including inflammation and ulcerations. MOTHER GRAY'S AUSTRIAN-LEAF is sold by druggists or sent by mail for 50 cts. Sample sent FREE. Address, The Mother Gray Co., Le Roy, N. Y.

SWIMMER IS LOST IN HAZE

No News Received From Man Trying to Cross English Channel.

Cape Gris Nez, France, Aug. 12.—Montagu Holbein, the well known English long distance swimmer, started at 5:45 o'clock in the afternoon to swim the English channel. Two hours after he took to the water he was lost to view in the haze and no news has since been received concerning his progress.

Attempting to swim the English channel from Cape Gris Nez to Dover is no new experience for Montagu Holbein. Six times he has essayed the task, but each time his efforts have been fruitless. His nearest approach to success was in August, 1903, when he was taken out of the water exhausted about a mile from Dover after having swam for twenty-two hours and twenty-one minutes.

It cannot be too often repeated that it is not helps, but obstacles, not facilities, but difficulties, that make men.

GREAT COUNCIL CHOOSE OFFICERS

Session Wednesday Afternoon Concluded the Business of the Convention.

SOCIAL SESSION LAST NIGHT.

Visiting Red Men Threw Care Aside and Enjoyed Themselves in Evening.

The last business session of the sixteenth great council of the great council of Minnesota closed about five o'clock Wednesday afternoon, immediately following the election of officers, which resulted as follows:

Great Sachem—W. M. Ericson, of Red Wing.

Great Senior Sagamore—Thos. J. McKeon, of Duluth.

Great Junior Sagamore—F. W. Bear, of St. Paul.

Great Prophet—W. S. Wright, of St. Paul.

Great Chief of Records—F. J. Hebl, St. Paul.

Great Keeper of Wampum—Geo. Fischer, Winona.

Representatives to the Great Council of the United States—Wm. S. Wright, St. Paul; Geo. Hoffmann, Winona; F. J. Hebl, St. Paul.

Great Trustees—Geo. F. Butler, Long Prairie; S. C. Tubbs, Park Rapids; D. C. Kane, Minneapolis.

After the adjournment the visiting and local brethren gave themselves over to enjoyment, a social session being held in Red Men's hall in the evening. The degree work of the Degree of Pocahontas was also exemplified during the evening for the visitor, by the degree team of Iowa council.

FLAK NEWS

Peter and Christ Nelson left Monday for North Dakota.

Mr. Tolofson and Mrs. Nelson spent a few days last week with Wicks.

Miss Minnie Nelson is working for Mrs. Felver at present.

PINK ROSE.

CURES PIMPLES SIMPLY

Simple Remedy That Soon Clears Skin of all Eruptions.

For several weeks past H. P. Dunn done the biggest business he ever had in any one article in selling Hokara, the skin food that has won so many friends in Brainerd, Minn.

It has been found to be an absolute cure, not only for all minor skin troubles such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound or disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative power the price is trifling. To convince every one of its merits, H. P. Dunn will sell a liberal sized jar for 25 cents; larger size 50 cents. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

Printers Entertained.

St. Joseph, Mo., Aug. 12.—Delegates to the International Typographical union convention were entertained with a dance at the Lotus club at Lake Contrary. Six cities have asked for the convention next year. They are Atlanta, Minneapolis, Salt Lake City, Houston, Rochester, N. Y., and Excelsior Springs, Mo.

A Deerwood Communication

BRainerd DISPATCH:—In the last issue of the Cuyuna Range News appears a rather bitter attack on the local telephone company, in which the editor is guilty of some gross mis-statements, and it appears to us that it would not be amiss to correct him. To make my position clear, I want to say at the start that I am one of the stockholders in this "abomination" that the News seems to be suffering from, and am not here to make any apology for the service, but to correct a few of those mis-statements.

I have occasion to use the 'phone as often, probably, as any subscriber on the line, and wish to say that only serious annoyance we have is on long-distance calls, and then I can make myself heard easily enough, but cannot always hear the other follow, proving that the other 'phone is at fault, and not ours. The statement that the instruments "appear to be entirely out of order" is without any foundation whatever, as every subscriber knows. The long-distance service, he says, is "absolutely rank." Sorry, but that is not our fault. We are not the Bell Telephone Co. For the same reason, we cannot revise their rates, as that would not be proper at all. I wish to say, however, that the rate to Brainerd is 35 cents, instead of 50 cents, as the News says, and for the benefit of the News, will say, that time is more of an object than distance, with a busy telephone, between Brainerd and Duluth tolls.

The News wants the party lines abolished. Does he know anything about the cost of giving telephone service to people scattered over two or three townships, sparsely settled, giving separate circuits to each? Guess not.

Then he wants,—(Oh, he doesn't want much) up-to-date instruments installed. Wish to say we have about as good as there is going, and if we knew of any better, we would get them, just to please the News.

Now, if the News has had any actual experience, in using our 'phones, it must be getting it free of charge, as it is not one of our subscribers, and in conclusion, will say that we can take a kick as cheerfully as anybody, if it comes from our subscribers, but we don't like to be barked at by people who are getting free accommodations from us, and those are about the only ones who are kicking.

As one of our neighbors remarked today, "Don Quixote has been dead some time, and we have long felt the need of another spirit of that kind, to rise up an correct a lot of the evils that beset us," but we believe the News will live longer, if it confines itself to general remarks about the deprecations of the "nocturnal cow," etc., than if it attacks enterprises that belong to this community, where it hopes to do business.

Thanking you for giving space to the above, I am

Very truly yours,

O. C. COFFIN.

COULD NOT HAVE FIRED THE SHOT

Gunshot Wound Expert Testifies in Sutton Case.

TO PROVE HIS CONTENTION

Medical Man Introduces Some Gruesome Features into the Hearing Before the Board of Inquiry—Uses Skulls to Illustrate the Course of the Fatal Bullet.

Annapolis, Md., Aug. 12.—A gruesome feature was introduced into the proceedings of the court of inquiry into the death of Lieutenant James N. Sutton, Jr., of the United States marine corps, when the legal representative of Mrs. Sutton, the mother of the dead lieutenant, brought to the witness stand Dr. Edward M. Schaeffer of Washington, an expert on gunshot wounds. The people in the room spectators and interested parties alike crowded around the table and gazed with interest upon the doctor while he placed upon the table glistening skulls to the exterior of one of which he affixed, in little lumps of wax, steel rods intended to indicate to the members of the court the course of the bullet in the skull of Lieutenant Sutton. Lieutenant Adams had given a dramatic illustration of the position of Lieutenant Sutton when the fatal shot was fired. The doctor was equally dramatic as he stretched himself upon the table and showed by pantomime how, in his opinion as an expert, it was impossible that Lieutenant Sutton ever could have fired into his own head the shot that put an end to his life.

Ghastly skulls and a flow of technical terms that kept the official stenographers busy asking repetitions were much in evidence up to the time when court adjourned. Dr. Schaeffer then was still on the stand.

Sergeant Todd, who went on the stand at the afternoon session, brought into the official evidence some points not in consonance with the evidence which had been given previously by young officers of the marine corps.

A Hurry-Up Medicine

Every housekeeper recognizes the need of effect-ive remedies to be used in emergencies—when something must be done right away. Such a remedy is Perry Davis' Painkiller, for sprains and bruises, for strained muscles and the aches and pains resulting from blows and falls. Burns and cuts are instantly relieved by it and helped to healing. Its mission of mercy began seventy years ago. It is used in all countries and millions of bottles sold annually. There is but one Painkiller, Perry Davis'. Have you seen the new large 35c size?

SEARCHING FOR MURDERER

County and City Officials and Farmers Join in Chase.

Rochester, N. Y., Aug. 12.—County and city officials, with many farmers and farm laborers, some of them armed with shotguns, searched the marshes which extended from near Holy Sepulcher cemetery along the shore of Lake Ontario for a man who it is thought, may be the murderer of Miss Anna Schumacher, the seventeen-year-old girl who was assaulted and killed at the cemetery last Saturday. At times the number engaged in this hunt is estimated to have been 150 men, and a posse of about fifty farmers and officers is continuing the hunt. Reputable witnesses have testified at the inquest that a man was seen with or near the girl in the cemetery Saturday and the man for whom search is now being made is said to resemble in person and dress the man said to have been with the girl, except that when last seen he was wearing a straw hat, whereas the man said to have been with Miss Schumacher wore a dark hat.

The suspect was put off a Buffalo Rochester and Pittsburg train just west of the cemetery and he is said to have been hanging about the district for two or three days. This man went to the home of the father of Constable Albert Baker of the town of Greece, who found the crude grave in which the girl was buried, and bought food Wednesday morning. The constable was absent at the time
